

Payment Policy

Effective 30 September 2026

This policy explains how Amaris Mathematics Academy handles payments for online courses and live mathematics classes. Please read the price and service details before confirming a checkout.

Prices and checkout

Prices are shown in South African rand before payment. Online courses are priced on their course pages. A one-hour live class is R250. Checkout is processed by PayFast; available payment methods may depend on your device and PayFast. We do not ask you to send card details by email or WhatsApp.

When access or a booking begins

Starting checkout or returning from PayFast does not itself activate a course or confirm a class. We verify payment through our server before granting private course access or reserving a live class. A live-class checkout holds an available tutor slot for a limited time. If verification is still pending, keep your payment reference and check your account or contact us.

Receipts and invoices

After a verified purchase, we create an invoice and send confirmation to the email on your student account. A confirmed live-class invoice is available as a PDF from your booking confirmation page after delivery. Keep the payment and booking references for support.

Failed, duplicate or late payments

A failed or cancelled checkout does not grant access. If money was taken but your course or class is not confirmed, contact us with the reference and the email on your account. A payment verified after a live-class slot is no longer available is reviewed by our team; we will work with you on a replacement class or an appropriate refund. Please do not pay again until we have checked the first transaction.

Cancellations and refunds

To request a cancellation or refund, email us with your name, account email, payment reference, service purchased and the reason. For a live class, contact us as soon as you know you cannot attend. We review the payment, whether access or teaching has begun, any service issue and your rights under applicable South African law. We will explain the outcome and the payment method used for any approved refund. Nothing in this policy limits rights that the law gives you.

Payment support

Email bethuelmoukangwe8@gmail.com or call 071 415 6665. We may ask for the transaction reference and account email, but never for your password or full card number.
